USDA Context

Competitive Grants For:
» Training;
» Supporting operations;
» Planning;
» Purchasing equipment;
» Developing partnerships; and
» Implementing farm to school programs.
**USDA Context**

**Integrated**
Best when an integrated approach is taken where cafeteria changes are supported and reinforced throughout the school learning environment.

**Inclusive**
As it relates to procurement, inclusive of many types of food producers, such as farmers, ranchers, and fishermen, as well as many types of food businesses, including food processors, manufacturers, distributors, and other value-added operations.

**Ultimate vision**
American school children have regular access to regionally sourced foods. School cafeterias championing U.S. agriculture and proudly promoting regionally sourced foods that meet or exceed school nutrition standards are the norm, not the exception.
General Eligibility Requirements

Intent and Who Can Apply
Intended to
Help scale or further develop existing farm to school efforts.

Intended for
School districts or schools that are already operating farm to school programs where partnerships are established and early successes have accrued.

Who can apply?
K-12 SFA’s, nonprofit private schools, charter schools, Indian tribal schools, others in National School Lunch or Breakfast Program.

Do we have to be participating in the National School Lunch & Breakfast Program?
YES.
Multi-district Submissions

In addition to individual submissions, USDA will consider submissions where a USDA investment might impact multiple SFA’s and thus a broader geographic range than any one SFA might cover.

In this scenario, one lead SFA that is collaborating with multiple SFA’s.
Allowable Activities
Activities such as:

- Bringing more value-added, minimally processed, regionally sourced meal components into the cafeteria;
- Solving distribution bottlenecks that limit the feasibility of sourcing more regionally produced items;
- Augmenting local food offerings by canning, freezing, storing or otherwise processing seasonal items for later use;
- Expanding farm to school programs beyond lunch to bring local or regional products into breakfast, snack, afterschool or dinner programs;
- Forming a buying group with other districts to increase purchasing power related to local foods;
- Conducting training of food services staff to augment skills related to food prep, safe handling and storing, etc.;
- Establishing new or strengthening existing community partnerships (e.g. working with culinary schools on training or menu development; partnerships with extension personnel to identify appropriate suppliers, etc.);
- Encouraging increased consumption of fruits and vegetables through promotional activities, taste tests, and other activities;
- Expanding experiential or agriculture-based learning opportunities, such as creation of school gardens, support to agriculture or food clubs, or increased exposure to on-farm activities;
- Developing integrated curriculum to reinforce food and nutrition-based learning throughout the school environment;
- Creating communications and outreach efforts that promote cafeteria changes and increase participation rates; and,
- Strategic planning efforts to expand or coordinate efforts across multiple districts.
Requirements and T&A
Grant recipients will be required to:

• Participate in an orientation webinar and periodic webinars throughout the course of the Implementation grant.

• Attend one face-to-face meeting, possibly timed to coincide with a national conference that provides exposure to farm to school best practices and networking opportunities. (Applicants must include travel costs for at least one project representative, preferably the project director, in their grant budgets to attend this meeting.)

• Complete standardized evaluation activities as determined by USDA.
Priority Consideration
Free or Reduced Price Meals
HHFKA mandates that priority consideration be given to schools or school districts serving a high proportion of children who are eligible for free or reduced price meals.

Need a high percentage to apply?
No!

Priority Consideration
The selecting official will take into account the free and reduced price meal eligibility rates, but extra points will not be assigned.

Geographic Diversity
USDA will seek to ensure geographical diversity to the extent possible.
Requirements
**MUST Have**

- Evidence of existing community support
- Minimum of 3 letters of support detailing the degree to which your F2S efforts are supported by external partners
- 25% match of total project cost, in form of cash or in-kind contributions
- Will be deemed ineligible without three letters of support or without complete application materials submitted to grants.gov

**ENCOURAGED to Have**

- Funded collaborations where a USDA investment would be additive or readily leveraged
- Supply chain partnerships with regional producers, processors, manufacturers or distributors
- Evidence of F2S program maturity and/or success to date
- Submissions that reach more than one school are preferred
- Projects that include a focus on innovative procurement strategies are preferred

Be sure to provide an explanation as to how the line item amounts were derived; i.e. provide the calculations of the line item amount. Ex: Salary = $5000 ($50 per hr x 10 hrs per wk x 10 wks).

A sample budget narrative is available on the grant website: http://www.fns.usda.gov/farmtoschool/farm-school

» If claiming indirect costs, provide negotiated indirect cost rate approval letter

» An applicant may propose indirect costs within their budget proposal without an approved rate. However, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to the award.
MUST provide
A 25% match of total project cost from non-federal sources
  • Include a description in the budget narrative and identify the entity who will be providing the support
  • Federal grant award + Match

Sample Calculation

Grant Request: $65,000
Match Amount: $25,000
Total Project Cost: $90,000
Match Percent: 27% (match amount / total project cost)
USDA Percent: 72% (grant request / total project cost)
Examples

- **Cash** – salary paid to an employee of the partner organization for project related activities
- **In-kind** – value of loaned or donated equipment, based on fair market value or value of volunteer time spent on project activities.
  - Hourly wages should be based on the current wage rate in the community
