<p>2. Because states distribute multiple months of benefits in a single issuance, participant counts must be interpreted with caution. Participants who receive a combined P-EBT benefit in June for the months of March through May will appear in the participant count for June only. A household or person who receives a combined benefit for March and April in June, and a second combined benefit for May and June in July will appear in the June and July participant counts. As result, the number of P-EBT beneficiaries is much greater than any single monthly count, but summing the participant counts across months will overstate the number of beneficiaries.</p> <p>3. States issue P-EBT benefits to individual children in cases when they are unable to group children into household units. This is sometimes an issue where P-EBT beneficiaries are not SNAP recipients. Because these children are counted as separate households, the household count in this table overstates the number of unique household beneficiaries.</p>

1. Year totals are sums of average monthly figures of substates which may not match average of monthly totals.

2. Beginning FY 2013 the WIC Other Cost column 2/ will reflect the actual outlays and unliquidated obligations for all WIC multi-year grants that are reported on the SF-425. Previously the WIC Other Costs reflected outlays and unliquidated obligations for General Infrastructure and EBT grants and the appropriation levels for all other WIC multi-year programs. The September number will continue to change until all multi-year grants of that source year are closed out. FY 2017 WIC Other Costs include appropriation levels for the following: Program Evaluation & Monitoring (\$5M), Technical Assistance (\$400,000), and UPC Database (\$1M).

3. Totals includes Food Cost, NSA, WIC Other Costs and Farmers Market total federal outlays and unliquidated obligations. Farmers Market costs for current year are not reported until February of the following year and will only be reflected in the September report month.

4. Beginning October 1, 2011, The Healthy, Hunger-Free Kids Act of 2010, Public Law 111-296 requires States to report rebate payments from manufacturers on the FNS-798 Financial Management and Participation Report in the month in which the payments are received. Previously, rebates were reported in the month the rebate was earned. While this change does not affect how rebates are earned and billed on rebate invoices to manufacturers, we may see changes in the food costs per person until the change is fully implemented into the next fiscal year.
