The authoritative source of food yield information for all Child Nutrition Programs.

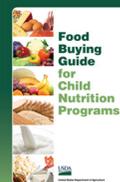

## What is the Food Buying Guide?

The **Food Buying Guide for Child Nutrition Programs (FBG)** is the authoritative source of food yield information for all Child Nutrition Programs. It has information to help you determine:

- The right quantity of food to purchase for your program(s)
- The appropriate types of food for your program(s)
- The specific contribution each food makes toward the meal pattern requirements.

The **Food Buying Guide** also includes:

- Program-specific information for meeting the meal pattern components
- Helpful information related to food purchasing and how to utilize food yield information
- Additional resources related to meal pattern requirements and menu planning

Download the **FBG** as a manual in PDF form!

# Food Buying Guide Tools

The Food Buying Guide Has Gone Digital!

Interactive Web-Based Tools!

The Food Buying Guide has gone Digital as an Interactive Web-Based Tool! The FBG Interactive Web-Based Tool allows program operators, manufacturers, and other stakeholders to:

- Easily search and navigate more than 2,100 food yields!
- Compare food yields, and
- Create and save a Favorite Foods list.

## Recipe Analysis Workbook

The FBG Interactive Web-Based Tool also includes the **Recipe Analysis Workbook (RAW)** to help determine the meal pattern contribution for recipes! **Menu Planners** can easily search for creditable ingredients to select and determine the meal pattern contribution for each ingredient and print the meal pattern contribution statement for a completed recipe analysis.

## Interactive Product Formulation Statement (PFS) Workbook

The **Interactive Product Formulation Statement (PFS) Workbook** allows food manufacturers to easily calculate a meal pattern contribution statement and generate crediting documentation for their product.
