

Feeding Infants in the CACFP

Lesson 5: Selecting, Storing, and Handling Infant Formula in a Child Care Site

Pre-Test

1. Yes or No: A child care provider has been busy watching all of the children in his care and accidentally leaves a bottle of infant formula out on the counter for 2½ hours. Can he put it back in the refrigerator and use it later?
 - A. Yes
 - B. No

2. Bottles of infant formula can be refrigerated at 40 °F (or below) for up to _____ hours.
 - A. 24
 - B. 36
 - C. 48
 - D. 72

3. Yes or No: A mother brings in a new iron-fortified infant formula for her baby. The child care provider has worked with babies for years and prepares the infant formula the same way she does with all other formulas. Is the child care provider preparing the infant formula correctly?
 - A. Yes
 - B. No
