Walter Beesley  
Director of Child Nutrition  
Maine Department of Education  
Child Nutrition  
136 State House Station  
Augusta, Maine 04333-0136

Dear Mr. Beesley:

This letter is in response to the Maine Department of Education's (MEDOE) June 11, 2020, request for a waiver under Section 12(l) of the Richard B. Russell National School Lunch Act (NSLA) (42 USC 1760(l)) to permit Fresh Fruit and Vegetable Program (FFVP) operations at National School Lunch Program Seamless Summer Option (SSO) and Summer Food Service Program (SFSP) sites that are not elementary schools during COVID-19 related closures. Under current requirements, Program operators may offer FFVP foods only in elementary schools.

Specifically, MEDOE requested a statewide waiver of the FFVP requirement at Section 19(a) of the NSLA (42 USC 1769a(a)), which limits availability of FFVP foods to elementary schools. The Food and Nutrition Service (FNS) recognizes that in this public health emergency caused by COVID-19, some FFVP elementary schools are closed and children that normally attend those schools are receiving meals through SSO and SFSP sites operating at other locations. To maintain children's access to FFVP foods, MEDOE is requesting that school food authorities (SFAs) be permitted to offer FFVP foods from elementary schools closed due to COVID-19 at SSO and SFSP sites operating during school closures associated with COVID-19.

To grant a Section 12(l) waiver, the NSLA requires that the waiver must facilitate the purpose of the program, the public must receive notice and information regarding the proposed waiver, and the waiver will not increase the overall cost of the program to the Federal Government. FNS finds that MEDOE's waiver request satisfies these statutory requirements.

Based on the exceptional circumstances relating to COVID-19, and pursuant to the waiver authority granted at Section 12(l) of the NSLA, FNS approves MEDOE's waiver request through June 30, 2020, or upon expiration of the federally declared public health emergency, whichever is earlier.

Therefore, effective immediately, this waiver allows State agencies to approve SFAs participating in FFVP to serve FFVP foods at SSO and SFSP sites that are not elementary schools through June 30, 2020.

Mr. Walter Beesley

Page 2

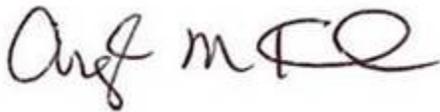

The waiver authority at section 12(l) of the NSLA also requires FNS to periodically review the performance of any State or eligible service provider that was granted a waiver. Therefore, MEDOE must provide to the FNS Northeast Regional Office a written report quantifying the impact of the waiver, as described below. Please note that approval of any extension is contingent on MEDOE's ability to provide complete data and an analysis of the waiver impact.

The report must include the following:

- A description of how the waiver impacted FFVP food service operations, children's access to FFVP foods, and participation in FFVP;
- The number of SFAs that used the waiver;
- The number of approved alternate sites that used the waiver;
- The FFVP funds provided during the COVID19 unanticipated school closures, demonstrating that the waiver has not resulted in an increase to the overall cost of the program; and,
- A summary of findings associated with the waiver.

FNS appreciates MEDOE's commitment to work with SFAs to meet the nutritional needs of children during a challenging time. If you have questions, please contact the Northeast Regional Office.

Sincerely,

A handwritten signature in black ink, appearing to read "Ang M Kline". The signature is fluid and cursive, with the first name "Ang" being the most prominent.

Angela M. Kline  
Director  
Policy and Program Development Division
