Subject: RE: Updated Guidance for July/August Adjustments

Bonnie,

Attached is a copy of Executive Order 202, issued on March 7, 2020 by Governor Cuomo and declaring New York State to be in a state of emergency until September 7, 2020.

For the month of August 2020, New York State is requesting permission to extend the interview adjustment waivers and to offer our local districts the option of extending the certification period of SNAP cases with August 31, 2020 expiration dates for a period of six months.

Please let me know if you need any additional information or have any questions.

Tom Hedderman

Director of Food and Nutrition Policy
Division of Employment & Income Support Programs

New York State Office of Temporary and Disability Assistance
