RE: SNAP – South Carolina Adjustment Request for Initial Certification and
Recertification Interviews – Extension – Approval

Dear Ms. Gillum:

This letter transmits the approval of the South Carolina Department of Social Services (DSS) request to continue to adjust Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 273.2(a)(2), 273.2(e), and 273.14(b)(3), which require an interview at initial application and recertification. Under this adjustment (COV-119), South Carolina can adjust the requirement for households to complete an interview prior to approval for benefits provided the applicant's identity can be verified and all other mandatory verifications have taken place.

The Food and Nutrition Service (FNS) is approving this adjustment in response to the COVID-19 pandemic, under authorization of the Families First Coronavirus Response Act (P.L. 116-127).

FNS is approving this adjustment for a period of 2 months, effective July 1, 2020, through August 31, 2020. This will allow the State to transition to conducting interviews for all cases statewide no later than September 1, 2020. The approval is contingent upon the State agency's compliance with the adjustment's conditions and data reporting components in Enclosure 1. FNS appreciates the significant additional data the State provided to justify approval and demonstrating that a continued adjustment is consistent with what is practicable under actual conditions in the State. FNS also appreciates the State minimizing the use of this adjustment by continuing to conduct interviews and only applying the adjustment when it is necessary. The detailed adjustments response is enclosed.

FNS is providing multiple waivers and flexibilities in its programs in its continued response to the COVID-19 pandemic. The Families First Coronavirus Response Act requires FNS to collect specific data elements from States. The CARES Act (P.L. 116-136) provides funding, which FNS will use to collect information in order to distribute funding. Please prepare the necessary data elements to collect

and submit this data as described in this document. The public will be given the opportunity to comment on this data collection, including legislatively-mandated data collection through a future information collection process being submitted to the Office of Management and Budget.

If you have questions or need additional information regarding this adjustment, please contact your respective Regional office representative.

Sincerely,

Sasha Gersten-Paal
Director
Program Development Division
