¹Basis is that all meals and snacks are purchased at stores and prepared at home. For specific foods and quantities of foods in the Thrifty Food Plan, see *Family Economics Review*, No. 1 (1984). The food plans are based on 1977-78 Nationwide Food Consumption Survey data adjusted for Alaska and Hawaii and updated to current dollars using the Consumer Price Index for specific food items for the Anchorage, Alaska and Honolulu, Hawaii areas.

²The costs given are for individuals in 4-person families. For individuals in other size families, the following adjustments are suggested: 1-person—add 20 percent; 2-person—add 10 percent; 3-person—add 5 percent; 5- or 6-person—subtract 5 percent; 7- (or more) person— subtract 10 percent.

³Ten percent added for family size adjustment.
